REVIEW OF CAT A PROGRAME

Organisations that bind us and give us an unique identity
A PROFESSIONAL HYDROGRAPHER

IHO ROK CAT A PROGRAM AT USM
ALUMNI 2013-14

REVIEW OF CAT A PROGRAMME

- This course served as the launching pad for my career
- Provided me with a wealth of insightful knowledge that empowered me to contribute meaningfully to various aspects of national development
- Conducting the hydrographic survey in much proficient way in a challenging environment
- The knowledge act as a DMT to augment BNHD with a number of advanced Hydrographic Equipment and Software

REVIEW OF CAT A PROGRAMME

- Many of the good practices has been introduced in survey activity (Quality control and quality assurance)
- Range of topics included in CAT B Program which is conducted at our Hydrographic School
- It provides me with confidence to conduct instructional duties
- Conduct 'Train the trainer course' as chief instructor of CAT B course
