### CIRCULAR LETTER 22/2018 05 March 2018

IHO File No. S1/3023 & CBSC-1

### HYDROGRAPHIC SURVEY PROGRAMME (FIG-IHO-ICA Category B) SPONSORED BY THE REPUBLIC OF KOREA

KHOA, Busan, ROK, 16 July – 30 November 2018

#### CALL FOR APPLICATIONS

#### References:

- A. IHO CL38/2011 dated 30 June Memorandum of Understanding (MoU) between the Republic of Korea and IHO on Support of the IHO Capacity Building Programme
- B. 2018 Capacity Building Work Programme (2018 CBWP)

### Dear Hydrographer,

- 1. The Republic of Korea (ROK) supports the IHO Capacity Building (CB) Programme by providing funds under the terms of a Memorandum of Understanding signed in 2011 as indicated in Reference A. In accordance with Reference B (Activity P-02), a new Capacity Building training on "Hydrographic Survey Programme" will be held at the Korea Hydrographic and Oceanographic Agency (KHOA), Busan, ROK, from 16 July to 30 November 2018. Funding provided by the ROK is available for up to seven participants to attend this course. The Hydrographic Survey Programme is recognized at the Category "B" level by the International Board on Standards of Competence for Hydrographic Surveyors and Nautical Cartographers (IBSC) in accordance with IHO Publication S-5B Standards of Competence for Category "B" Hydrographic Surveyors. Further details of the course are provided in Annex A.
- 2. Funding support will cover a return airfare, accommodation, meals and training materials. The funding does not include pocket money for the trainees or allowances for family members. Medical and life insurance are not covered and should therefore be arranged by the submitting organizations or the selected students.
- 3. IHO Member States are invited to consider nominating ONE suitable candidate who will benefit from this new Category "B" level hydrographic course and will thereby assist the nominating country in developing its hydrographic capabilities. In accordance with the IHO CB Strategy, this course is only open to candidates from IHO Member States.
- 4. It is essential that candidates are employed by a national hydrographic office, a maritime authority or a related national agency in the nominating country. The nomination must include a statement specifying that the candidate is, or will be, involved in the provision of hydrographic services and that, once the training has been successfully completed, the candidate will continue to work in this field.
- 5. The authority nominating a candidate should select the nominee carefully and ensure that opportunities will be in place for the individual to apply the learning received in a structured manner on their return to their country. This will ensure that the individual and the nominating organization gain the maximum benefit from the training opportunity.
- 6. Nominated candidates MUST meet the following criteria:
  - a. Have a high school diploma plus two years of additional education from a technical college, institute or university. The additional education should be focused on physics, statistics, mathematics, information and communication technology.

- b. Have a very good standard of English, both written and spoken, with reasonable technical English (Candidates' English skills will be assessed during a telephone or teleconference interview before final selection).
- c. Submit an application that includes their education, work experience and exposure to hydrography and cartography.
- 7. Applications should be provided in accordance with CB Procedure 7, using the Application Form reproduced in Annex B (a Word file version is available in the IHO website at:  $\underline{www.iho.int} \rightarrow Capacity$  Building  $\rightarrow$  CB Procedures  $\rightarrow$  Procedure 7).
- 8. A Selection Panel, comprising representatives from the IHO Secretariat and KHOA will select the candidates for the course. The successful candidates and their parent organizations will be informed of the selection by mid-May 2018. Successful candidates will be selected individually based on their merits. Once selected, candidates cannot be changed by their national authorities. Selected candidates will receive detailed logistic information directly from the KHOA Project Leader.
- 9. Applications should be submitted no later than **11 May 2018** to the following address:

IHO Secretariat Fax: +377 93 10 81 40

e-mail: cl-lc@iho.int with copy to pok@iho.int and cba@iho.int

10. Applicants and nominating authorities should carefully consider the short timescale involved between selection and commencement of the course. This may impact on the ability of some personnel to obtain the necessary visas and to make all personal domestic and administrative arrangements. Selected candidates will be expected to report to KHOA to commence the training, on 15 July 2018.

On behalf of the Secretary-General

Yours sincerely,

Mustafa IPTES Director

A. Summary of the Hydrographic Survey Programme

B. Application Form

## CATEGORY "B" HYDROGRAPHIC SURVEY PROGRAMME (FIG-IHO-ICA Category B) KHOA, Busan, ROK, 16 July – 30 November 2018

### SUMMARY OF THE COURSE PROGRAMME

Programme: Hydrographic Survey Programme

• Level of Recognition: Category "B"

• Duration: 20 weeks

The programme consists of 15 modules for 16 weeks and a final project lasting 4 weeks (A total of 20 weeks with Theory: 5 weeks; Practical components: 14 weeks; Self-Guided study: 1 week)

### 15 Modules (16 weeks)

• Three introductory modules: Introductory modules deliver overview and demonstration to motiv ate students and give perspective.

Module	Duration	Description
INTRO1	2 days	Introduction to Hydrography
INTRO2	5 days	Introduction to Data Collection and Processing
COMPUT	10 days	Computation Tools

• Eight modules on theory and guided practice covering the scientific content along with practical work.

Module	Duration	Description
NAUTIC	10 days	Nautical Science
ENVIRO	6 days	Earth and Environmental Sciences
POSIT1	6 days	Horizontal and Vertical Positioning
WATLEV	5 days	Water Levels
REMSEN	3 days	Remote Sensing
BATHY1	3 days	Bathymetry (SBES, SSS)
BATHY2	3 days	Bathymetry (MBES)
LAWSEA	1 day	Law of the Sea, Liability

• Four modules on practical work: To reinforce autonomy and theory.

Module	Duration	Description
POSIT2	5 days	Land Survey Practice
QAQC00	5 days	QA/QC
HYDROP	6 days	Hydrographic Practice
HYDROM	10 days	Hydrographic Data Management

### Final Project (4 weeks)

• The final project covers planning and preparing for a small survey, data acquisition, processing and deliverables.

Task	Duration	Description
Planning	16 hours	Design a survey plan
		Identify challenges for the survey
Preparation	36 hours	Set-up survey instrument ground support and
		onboard
		Perform and report on survey offsets, calibration
		and health checks
Acquisition	26 hours	Deploy and operate MBES, SBES and SSS
		Apply QA procedures
		Report on survey operations
Processing	46 hours	Format and configure collected data
		Apply reductions
		Perform data cleaning
		Assess data quality and analyze the results of the
		survey
Deliverables	12 hours	Compile survey data for delivery
		Create survey products
Reports	24 hours	Report of survey
		Oral presentation of survey conduct and results

The table below shows how the modules fit in the overall scheme.

Week	1						2				3					4			
Module	INTR	01			INTRO2			COMPUT								NAUTIC
