

PROJECT SUBMISSION MODEL

IDENTIFICATION

Project Number :

Project Name:	Seminar on Raising Awareness of Hydrography (mainly for NIOHC Non-Members)
Submitting RHC/Country:	NIOHC (as part of the approved NIOHC CB Plan)
Date:	2018
Institution executing the project:	NIOHC/UKHO with the support of the IMO & IALA
Name of responsible:	Jeff Bryant, NIOHC CB Coordinator
Address:	UKHO, Taunton, Somerset TA1 2DN
Telephone:	+44 1823 483821
Fax:	N/A
e-mail:	jeff.bryant@ukho.gov.uk

GENERAL SPECIFICATIONS

(Please provide detailed information in Annex of no more than three pages)

Background information	An awareness of hydrography is missing in many of the Red Sea coastal states. This is evidenced by the lack of engagement with the RHC where few, if any, attend meetings unless they are sponsored.
Justification of the project	It is suggested that a fully-funded seminar or workshop on hydrographic awareness to precede the next meeting of the NIOHC would assist in the crucial task of raising awareness of the subject. It would provide a platform to get greater involvement from the NIOHC Non-Members.
Countries involved	Djibouti, Eritrea, Jordan, Maldives, Somalia, Sudan & Yemen together with member state, Myanmar and Associate Members, Mauritius and Seychelles (10 in all)
Exposition of the problem	The benefits of good hydrography to support all manner of maritime activity is not well understood at the higher levels of Government in many SIDS in the NIOHC region. This manifests itself in the poor attendance at the Regional Hydrographic Commission (NIOHC) meetings where such benefits are promoted. The target audience for an awareness raising seminar would be Permanent Secretary (or equivalent) level from a relevant national Ministry, who would then also attend NIOHC19.
General objective	To ensure that countries in the NIOHC region are made aware that the provision of hydrographic services is an international obligation under treaty law affecting all Member States (MS) of the IMO and also provides

	significant national infrastructure and long-term economic benefits. The Seminar is configured to assist countries on how they take the necessary steps to meet their obligation noting that most NIOHC countries are IMO MS but not IHO MS.
Specific objectives	<ul style="list-style-type: none"> • To understand the importance of nautical information • The basic activities of hydrographic offices: the IHO M-2 publication and how it relates to National Maritime Policies and Hydrographic Services • The organization of a National Hydrographic Office • The application of hydro-cartographic products and services • Working with a PCA (primary charting authority)
Outputs/Products	Participants will gain a better understanding of the regulatory framework which supports hydrography and how this can benefit a coastal state (Blue Economy etc)
Other deliverables	Participants will be encouraged to join the IHO
Achievements and awaited benefits	

Schedule of activities	1-day Seminar to proceed the 19 th NIOHC meeting, venue to be decided
-------------------------------	--

RESOURCES

Contribution by countries involved	Nil
Contribution by other parties	None
Contribution expected from CBCFund	Yes
Total Cost (euros)	€22,500
Breakdown of costs (subject to confirmation)	The contribution from the CBSC fund will cover travel and subsistence for one representative from each of the 10 countries involved. The representatives will be expected to stay on for the 19th NIOHC meeting and be active participants - at the very least delivering a National Report

From CBC Fund (item and amount)	€22,500
