

INTERNATIONAL HYDROGRAPHIC ORGANIZATION
MESO AMERICAN & CARIBBEAN SEA HYDROGRAPHIC COMMISSION

Letter Num. 03/18

Fecha: 12-01-2018

TO : Mr Thomas Dehling Thomas.dehling@bsh.de

Chair of the IHO Capacity Building Sub Committee

Subject: MACHC Capacity Building Projects

Reference: IHO CBSC Procedure 1

Dear Mr Thomas Dehling,

1. The Meso American and Caribbean Sea Hydrographic Commission, at its last meeting (November 2017, Varadero, Cuba), considering the IHO CBSC guidelines, approved a Capacity Building Plan which follows as Annex A to this letter. As can be seen, the MACHC CB Plan considers the IHO Objectives and Strategic Directions, together with the peculiarities of the MACHC region. Therefore, the derived projects focus on achieving these objectives and are not just desirable events.

2. According to the referred procedures, I submit to the IHO CBSC three projects to be carried out during 2019, which may be found at Annex B.

On behalf of the MACHC membership, can I take this opportunity to thank the IHO CBSC for their continued support to this Regional Hydrographic Commission and to say that I'm at your and the CBSC's disposal for further information if required.

Contralmirante

Enrique Flores Morado

Director General Adjunto de Oceanografía, Hidrografía y Meteorología en México
Presidente de la Comisión Hidrográfica de Meso América y del Mar Caribe
