Reason for Choice of Name (if a person, state how associated with the feature to be named):	It is named after a famous poet Basho Matsuo. This seamount is one of the constituent seamount of the Great Writers Seamount Province. Please note that "Basho" is the first name. Most of the "Great Writers" relevant to the Great Writers Seamount Province were active in late 1800's to early 1900's. At that time, it was common and popular for those writers to be called by their first names (see Action SCUFN 27/59).
