MBSHC LETTER N° 02/2018

Object: Capacity Building requirements for the years 2019-2020-2021.

Reference: //

Dear Colleagues,

following the decisions taken during MBSHC 20, resulting in Action Item MBSHC 20/26, please find enclosed the outcome of the questionnaire about Capacity Building requirements for the years 2019-2020-2021.

Looking forward to hearing from you soon,

Capt. Luigi SINAPI
Director of the Istituto Idrografico della Marina
MBSHC Chairman

**RESULTS of MBSHC CAPACITY BUILDING
QUESTIONARY**

Reference: E-mail from MBSHC CB Coordinator dated 14.11.2017– MBSHC CB Questionary.

1. E-mail in the Reference invited MBSHC Members to review their respective CB requirements for the years 2019-2020-2021 and submit them with their comments to the MBSHC CB Coordinator.
2. I would like to thank the 7 Member States that replied to the reference but I have to express my disappointment with the low level of participation.
3. Please find the following results of the questionary:

a. Short Courses (7 of 23 courses which are most requested):

Short Courses	Request from Countries
Cartographic Data management (5 Days)	4
ENC Validation (5 days)	5
Basic Hydrographic Survey Course (10 days)	5
Port and Shallow Water Survey Course (5 days)	5
MBES Processing (5 days)	5
Law of the Sea Workshop (5 days)	5
S-100 and Product Specifications (5 Days)	6

b. Long Courses:

Long Courses	Request from Countries
Category "A" Hydrographic Programme	4 (Georgia, Romania, Turkey, Algeria)
Category "B" Hydrographic Programme	4 (Georgia, Romania, Malta, Algeria)
Category "A" Nautical Cartography Programme	3 (Georgia, Romania, Algeria)
Category "B" Nautical Cartography Programme	7 (Georgia, Romania, Malta, Italy, Turkey, Slovenia, Algeria)

c. On-the-job and onboard trainings: Malta is requested on-the-job/onboard training on acquisition and post processing for the new multi-beam system.

d. CB Activities planned to be held in 2018:

Activity	Planned Countries	Request from other Countries
MSI Workshop (3 days)	Romania, Ukraine, Bulgaria, Lebanon, Georgia, Albania, Algeria	1 (Italy)
Port and Shallow Water Survey	Romania, Malta, Ukraine, Georgia	1 (Slovenia)

Course (5 days)*		
------------------	--	--

*Thanks to Italy to express the intention to host the Port and Shallow Water Survey Course.

e. Technical visits: There is one Technical Visit request as a follow-up by Georgia which has already been planned in 2018.

4. The results of the questionnaire are noted and CB requirements for the short courses for the years 2019-2020-2021 will be planned and submitted annually to the CBSC. CBSC will be informed regarding the requirements for the long courses in the next meeting. Long courses may also be a co-operation issue in the MBSHC Region.

5. If CBSC approves the CB Activities planned to be held in 2018, requests of Slovenia and Italy will be considered according to approved budget.

Burak INAN

MBSHC CB Coordinator
