

Hydrographic Commission on Antarctica (HCA)

LINKS TO NATIONAL CHART CATALOGUES

Last update: 15 August 2017

The 10th conference of the Hydrographic Commission on Antarctica (HCA10, Cambridge, UK, September 2010) tasked the IHB, as HCA secretariat, to compile a catalogue of all national charts of Antarctica, in liaison with HCA members (Action HCA10/29). The [latest issue of that catalogue, version 1.1.0](#) was published on the IHO website in September 2011.

In order to reduce the burden of maintaining the above catalogue of chart production in Antarctica, the 12th HCA conference (HCA12, Montevideo, Uruguay, October 2012) agreed that it would be replaced with a list of **links** to national chart catalogues, as follows:
