

PROPOSED IHO THREE-YEAR WORK PROGRAMME

2024-2026

Submission for endorsement at the 6th meeting of the Council
prior to approval of the 3rd Session of the IHO Assembly

Introduction

This proposed Work Programme, which also takes into account the IHO Strategic Plan should be considered alongside the proposed Budget for 2024-2026; which is submitted separately for consideration of the Assembly.

Work Programme Structure

The IHO has defined three programmes to meet its goals:

- **Programme 1 - *Corporate Affairs***, under the principal responsibility of the Secretary-General;
- **Programme 2 - *Hydrographic Services and Standards***, under the principal responsibility of the Hydrographic Services and Standards Committee (HSSC);
- **Programme 3 – *Inter-Regional Coordination and Support***, under the principal responsibility of the Inter-Regional Coordination Committee (IRCC).

This proposed Work Programme follows the above structure.

For each programme, various *elements* have been identified, each with a stated objective. The elements are then supported by tasks (actions). In identifying the tasks, the input from the Chairs of the relevant IHO bodies together with other information held by the Secretariat have been taken into consideration.

In addition, for each task, the Work Programme identifies:

- the principal strategic directions that the task supports;
- the principal stakeholders, if any, outside the IHO that may be affected;
- the principal deliverables and associated milestones, as appropriate;
- the lead authority and participants, if any;
- the estimated resources from the IHO budget, when significant;
- any other resources, when significant; and
- any risk to delivery, when significant.

In consideration of the IHO Strategic Plan, additional references to the goals and targets of the IHO Strategic Plan are added in a separate column (G&T) of the proposed Work Programme.
