FUTURE OF THE CHART PROJECT

UKHO is honoured to be the training provider of choice for this prestigious project

ICBM (me!) has been involved since the project was first discussed between the Japan Hydrographic & Oceanographic Department (JHOD) and UKHO in 2007

FUTURE OF THE CHART PROJECT

2009 – 2013 (five years)

- IHO/JHA/UKHO Japan Capacity Building Project

2014 – 2016 (three years)

- IHO-NF CHART Project

Bearing in mind the 4 to 1 demand for this training the UKHO would like to see the programme extended for another three years
