

19th MEETING OF THE IHO CAPACITY BUILDING SUB-COMMITTEE**Online Meeting, 9-10 June 2021****Paper for the Consideration by CBSC19****MBSHC Three-year Capacity Building Work Plan**

Submitted by	:	MBSHC CB Coordinator
Executive Summary	:	This document provides a summary report of the capacity building activities at the MBSHC, planned between 2021-2023.
Related Documents	:	None.
Related Projects	:	None.

1. Introduction / Background

A three-year plan for capacity building activities at the MBSHC region has been composed and is ready to be implemented. All the funds are granted by CBSC for 2021. The submissions are sent for 2022 for the consideration of CBSC, and finally Capacity Building Plan for 2023 is currently under review within the commission.

2. Three-year Capacity Building Work Plan

2021	2022	2023
Workshop on Cartographic Data Management	Workshop on LoTS Implementation	Workshop on MSI Development
Online Workshop on Transition to S-1xx Products	Workshop on MSDI Implementation	Workshop on ENC Quality Assessment
Online Workshop on Airborne Lidar Bathymetry	Webinar on Underwater Photogrammetry	Webinar on Oil Spill Detection with Remote Sensing
Webinar on Using AI as Sonar Noise Classifier	-	-
Webinar on SDB	-	-

3. Conclusions

MBSHC Capacity Building Activities have contributed to the effort of compensating for the gap between the Member States, in terms of both technology and experience. Yet, there still is a need for continued capacity building, and consequently for capacity building funds.

4. Action Required of CBSC

The CBSC is invited to take note of this report.

Emre Gülher
MBSHC CB Coordinator
