General Information

On the mainland of Viti Levu, the multi-cultural town of Nadi is the international gateway to Fiji. A bustling tourism hub, Nadi has many options for the visitor.

Fiji enjoys two seasons, summer and winter. The cyclone season falls within the months of November – April. It is during these times when we expect high levels of rainfall. Temperatures are likely to be between 22 and 31°C, which can feel warmer with increased humidity.
