Introduction / Background

1. Following the SCUFN35.2 meeting, held in fall 2022, considering the limited resources available within its Sub-Committee, the Secretariat of the GEBCO Sub Committee on Undersea Feature Names (SCUFN) decided to contract several tasks in order to improve the content of the IHO-IOC online GEBCO Gazetteer of Undersea Feature Names (the Gazetteer) and support SCUFN activities managed by the IHO Secretariat. The following tasks were contracted to the former SCUFN Secretary.

Tasks	Objectives	Outcome reported in
1	<i>Update the Gazetteer from all undersea feature naming decisions and actions taken at SCUFN-35, ensuring quality control and standardization of the documentation provided as part of the relevant proposals. Prepare a draft report as a submission document to SCUFN-36. Deadline: 31 August 2023.</i>	Doc. SCUFN36-07.2B
2	<i>Monitor the list of pending names. Prepare a draft report as a submission document to SCUFN-36. Deadline: 31 August 2023.</i>	Doc. SCUFN36-07.2D
3	<i>Monitor the relationships with NCEI and KHOA to maintain and/or improve the Gazetteer, as necessary and/or appropriate. Prepare a draft status report as a submission document to SCUFN-36. Deadline: 31 August 2023.</i>	Doc. SCUFN36-07.1B
4	<i>Launch, monitor and provide advice on the development by KHOA of the prototype UFN database and SCUFN Operations Web services (OWS), as well as the integration of the SCUFN OWS and the existing GEBCO Gazetteer. This will include testing the integrated system in operational mode for a couple of undersea feature names, also covering the direct online submission procedure. Prepare a draft status report as a submission document to SCUFN-36. Deadline: 30 September 2023.</i>	Doc. SCUFN36-07.3B
5	<i>Preload in the Gazetteer tentatively through the SCUFN OWS all undersea feature names from the proposals to be submitted to SCUFN-36, in advance of the meeting. In doing so, quality control and standardization of the documentation</i>	Doc. SCUFN36-04.0A

	<i>provided will be ensured. All preloaded names to be put in Edit mode. Prepare a draft status report as a submission document to SCUFN-36. Deadline: 30 September 2023.</i>	
6	<i>As a complement to Task 4, monitor the development of the SCUFN OWS Repository and the transfer of the IHO SCUFN Digital Archive, the interface to move proposals (in restricted access mode before SCUFN meetings) to the Repository after SCUFN meetings (open access and links to GEBCO Gazetteer). Deadline: 30 September 2023.</i>	Doc. SCUFN36-07.3C

2. The objective of this submission paper is to report on Task 1.

Analysis/Discussion

3. The SCUFN-35.2 meeting took place on 28 November-2 December 2022 in Monaco. In total, 236 decisions and/or actions were agreed at SCUFN35.2 (269 at SCUFN35.1, as a reminder). Many of them impacted on the Gazetteer database. Acting on these require significant resource from the secretariat, thus competing with other important, often urgent, IHO matters.

4. Undersea feature name proposals which are submitted for SCUFN consideration vary considerably in terms of quality of the English language used as well as length of the texts included. There is therefore a need for quality check and standardization of the documentation provided, before validation of the names approved or pending in the Gazetteer.

5. Some names have been accepted “with modification”, for example with the requirement that the polygon delimiting the feature be extended. Acting on these may require going several times to the concerned proposer, until the additional information or data requested has been provided. This needs keeping an eye on all actions not yet completed.

6. From the above considerations, the Gazetteer has been updated by the contractor, as appropriate. As can be seen from the results provided in [Annex A](#), ALL actions have been completed.

Recommendation

7. It is recommended that SCUFN takes note of the changes made into the Gazetteer database, as reflected in [Annex A](#).

Justification and Impacts

8. Almost all decisions and actions from SCUFN35.2, relevant to the Gazetteer, have coherently been implemented in the following intersessional period.

Action required of SCUFN

9. SCUFN is invited to:
- a. note this report
 - b. consider the recommendations made in section 7.
