ANNEX A TO THE RULES OF PROCEDURES

Course Recognition's Fees

1. Rationale

To achieve, with effectiveness and efficiency, the ongoing work entrusted to the IBSC, the IBSC requires holding annual meetings and to assess the training programmes before and after their programmes have been recognized as complying to the international standards set.

This document aims to outline the process for collecting, holding and disbursing the fees received in the process of recognizing courses. It helps the IBSC and the parent organizations to understand the process and ensures transparency and openness on the use of the funds.

2. Collection of fees

The fees are applied to each submission. An annual value of 600€ (net of bank charges) will be levied for each programme, while such a programme holds the recognition of the IBSC. The first fee is to be paid when submitting a programme for recognition. That fee will not be returned in the case of failure to gain recognition, but it will not be necessary to make a second payment when offering an amended submission. However for new or revised documentation submitted the following year for assessment then a fee would apply. Annual fees thereafter shall be paid before the end of the year.

To minimise bank fees associated with international funds transfers, an option is made available to pay the full fee at the time of submission (3 600€). Alternatively, the balance remaining for the full period of recognition may be paid after recognition is granted by a single payment covering the remaining period (600€ at time of submission plus 3 000€ for the remaining period).

Fees are paid to IHO who holds and operates a dedicated IBSC account in accordance with the IHO Resolution 1/2014. The details for transfer will be made available to the submitting organizations with the invoice.

All charges relative to the deposit/transfer of the fees will be paid by the submitting organization

IMPORTANT: a scanned copy of the bank transfer **MUST** be sent to the Secretary of the Board.

Fees can also be paid by credit card (please contact the Secretary for details).

3. Holding of fees

Upon receiving a payment IHO Secretariat will issue a certificate acknowledging the receipt of the fee, clearly identifying the source, year that it covers and any other identification felt to be useful. The IHO Secretariat will make resources available to the IBSC following the instructions of an IBSC Funding Group, details of which are provided below.

4. Disbursing the fees

The IBSC shall form a Funding Group (FG) comprising one representative from each organization (normally the Chair and Vice-Chairs). The IBSC Chair will be the FG Chair. The IBSC secretary shall keep minutes of the FG meetings and be the only liaison with submitting institutions.

The fund is intended to support IBSC members' expenses to attend meetings of the Board and to make site visits to the venues of training programmes under the purview of the Board, to assist in meeting the travel expenses of the IBSC Chair, or designated representative, when participating in relevant meetings and to cover some logistic preparations and execution of the meetings when necessary. Logistics of the Board's meetings, travel expenses and a per diem allowance for members of the IBSC to attend meetings and site visits related to the activities of the Board can be covered by the IBSC fees.

The FG shall receive the requests of support for logistics preparations and from each incumbent IBSC member and approve the provision of funds. Approval may be granted intersessionally. The FG may not necessarily fund 100% of any request made. The funds may only be used to support logistics preparations and IBSC members' expenses such as travel, accommodation and meals. The FG shall report on the status of the fees at each IBSC annual meeting and submit for consideration of the IBSC the documentation detailing the income, outgoings and the standing balance.

The IBSC Chair shall keep the parent organizations informed on the status and management of the fees and therefore shall include a section on this matter in its reports at the end of each IBSC meeting.
