

14th Meeting of the IHO MSDI WG

MSDI Training Materials and Capacity Building

18

IHO

MSDI TRAINING MATERIALS

International
Hydrographic
Organization

- Existing MSDI Training Materials:
 - MSDI Orientation (Presentation and Training Booklet)
 - MSDI Fundamentals (Presentation and Training Booklet)
 - Interactive eLearning Course

- Feedback on materials in IHO e-learning centre

The collage displays three presentation slides and an e-learning course interface. The slides are titled 'Marine Spatial Data Infrastructures Orientation', 'Marine Spatial Data Infrastructures Fundamentals', and 'Marine Spatial Data Infrastructures Introduction Fundamentals of MSDI, concepts and examples'. The e-learning interface shows a list of courses with details such as 'MSDI [TEST] Fundamentals of MSDI (Marine...)', 'MSDI fundamentals', and 'System Developing Curriculum MSDI fundamentals'. It also indicates enrollment periods and lecture times.

IHO

WAY FORWARD FOR MSDI CAPACITY BUILDING

International
Hydrographic
Organization

- Update of MSDI Training Materials
 - Feedback from members
 - Training materials update recommendations at [MSDIWG12-11B MSDI Training Material – The need for update](#)
 - Based on IHO C-17 v3.0
- E.g.
 - Communicate what IGIF means for HOs
 - Outline MSDI maturity
 - Guidance on how to build and/or maintain the Team to deliver MSDI
- What other topics should be included in the update?
- Invitation to Member State(s) to consider producing the update of MSDI Training Materials and to make them available/accessible to all
