# Arctic Regional Hydrographic Conference

Nuuk, Greenland – September 2023

St. John's Canada | 13-16 September 2022

# ARHC – 13 Nuuk, Greenland

Week 36, 05 – 07 September 2023  
Hotel & Conference Hans Egede

Greenland's capital, Nuuk, is an Arctic metropolis with a small town feel, shaped by nature. As a city break in Greenland it mixes shopping, whale watching, skiing, and fine dining into a cosmopolitan experience with a backcountry twist where innovative, adaptive people, and trendsetting artists meet office workers, fishermen and hunters.

## Getting to Nuuk:

Nuuk has a full service airport with regular international connections to Reykjavik (Iceland) and via Kangerlussuaq to Copenhagen (Denmark). Please be aware that September is a busy month on Greenland – reserve your flights well ahead of the meeting.
