**Invitation to ARHC–13 Conference in Nuuk, Greenland
05-07 September 2023**

Dear ARHC colleagues,

It is my great pleasure to invite you to the 13th conference of the Arctic Regional Hydrographic Commission. The conference will take place in Nuuk in Greenland from 5 – 7 September 2023 at the Hans Egede Hotel (<https://hhe.gl/>).

The Danish Geodata Agency has pre-reserved 25 rooms at the Conference Hotel Hans Egede for the period from 4 – 8 September 2023 (Monday – Friday). The price per room/night is set to 1.495 DKK (around 200 € / 215 \$) including internet and breakfast. Participants will pay their rooms when leaving the hotel on September 8. If you want to book one of the pre-reserved rooms for the agreed rate, you will have to provide the following information to Hendrik Stang (hejus@gst.dk) latest by July 4.

Arrival in Nuuk:

Departure from Nuuk:

Air Greenland provides a daily connection from Nuuk to Copenhagen via Kangerlussuaq. Alternatively, Iceland Air connects Reykjavík (KEF) to Nuuk with an arrival flight on September 4, and a departing flight on September 8. The flight leaves Reykjavík early in the morning. Please keep in mind that early September is still high season in Greenland, and planes may sell out quickly. I therefore encourage you to book your flights in due time.

The conference will start on September 5, with an Open Forum, where regional users, actors, and experts will engage with ARHC members on subjects related to *Climate & Hydrography in the Arctic*. A program for the Open Forum will be shared closer to the meeting.
