As the Chair of the Baltic Sea Hydrographic Commission I am pleased to invite you to the 24th BSHC Open forum meeting in Gdansk, Poland.

The theme for the Open Forum will be Bathymetric data processing for nautical products. It will give us the possibility to evaluate the Workshop that was arranged by BSH about bathymetric data processing for nautical products earlier this year.

Draft agenda:

Please inform us if you want to give a presentation and indicate the title and briefly describe the subject (unless self-explanatory). We will return with an updated agenda when we know the exact number of presentations.

Please send your confirmation to participate the BSHC24 Open forum meeting by e-mail to Jens Peter Hartmann (jepha@gst.dk), copy to Lt Cdr Adam Klosinski (a.klosinski@ron.mil.pl), by 19 August 2019 at the latest.
