

## Hydrographic Office of the Polish Navy

To: All BSHC Members and Associate Members  
IHO Secretariat  
Guests

04 September 2020

Dear BSHC Colleagues,

### **25<sup>th</sup> Baltic Sea Hydrographic Commission – Video Conference, 22<sup>nd</sup> September 2020, (BSHC25 VTC) - Administrative matters No 2.**

#### BSHC25 VTC

1. Due to National Cyber Safety Regulations in Ministry of Defence, the HOPN is obligated to organize the Conference with use **Cisco Meeting** platform instead of planned MS Teams. I apologize for inconvenience, the changes were not depended on HOPN.
2. Cisco Meeting platform requires use **Chrom website browser** as a meeting platform. The functionality of the Cisco Meeting platform is similar to other platforms. The main differences is the not being able to “rise hand”. All participants are asked to keep open “live chat” window and communicate any comments online.
3. Communication test is planned on Tuesday 15<sup>th</sup> September 2020 at 09.00 CEST. Links to the “meeting room” will be sent to all registered participants before meeting.
4. Standing Agenda, Program and documentation will be uploaded to the BSHC25 website till 8<sup>th</sup> September 2020 (<https://iho.int/en/bshc25-2020>).
5. Other arrangements – no changes.

Yours sincerely,

Captain (PLN) Dariusz KOLATOR  
Chair, BSHC
