Mooring Components

IALA Recommendation E-107; Guideline 1066

The diagram illustrates the components of a mooring system. At the top, a buoy is connected to a vessel via shackles and a swivel. The mooring line is labeled as 1. bridle or tail chain. Below this is 2. riding chain. Further down is 3. thrash. At the bottom, the mooring line is connected to a shackle and a sinker, labeled as 4. ground chain. An inset image shows a close-up of the chain links.
