UK	13:30-14:00	14:00-18:00	0
France/Netherlands	14:30-15:00	15:00-19:00	+1

### Instructions

This is a bilingual (English, Spanish) webinar provided by the [Interactio video conference platform](#).

**The virtual room will open at 8:30 a.m. EST** to allow participants to test technology. It is very important for participants to join the webinar earlier to test their internet connection, microphones and video.

**Virtual Meeting Link:** <https://broadcaster.interactio.eu/join/swnw-zq48-pmal>

**It is *strongly* encouraged to watch the [Interctio Participant Console instructional video](#) which lasts just 3 minutes.** This is a good opportunity to learn about the platform's features and its improvements from last year.

**It is *strongly* recommended that participants use a headset** if you have one available to avoid echos and other sound disturbances. Please also minimize the number of other web applications you have open while running the Interactio platform to ensure you have sufficient bandwidth.

## Agenda

Time (EST)	Topic	Responsible
8:30-9:00	Virtual room opens for participants to join and test video and audio	All
