Directrices Adicionales para la Registración a la MACHC22

La OHI ha lanzado el Nuevo Sistema de Registración a Eventos en Línea de la OHI desde mediados de junio de 2021, que ha sido diseñado para facilitar la registración de los participantes a los eventos de la OHI tales como las reuniones de Comité, Grupo de Trabajo y Equipo del Proyecto.

El sistema proporciona una manera simple y fácil de acceder a la información sobre los próximos eventos y permite que los usuarios registrados y la Secretaría de la OHI se mantengan informados del estado más actual de las registraciones a eventos y también permite que la Secretaría de la OHI recopile información estadística sobre la participación en eventos.

Este documento describe los pasos a seguir para registrarse a un evento.

Paso 1) Acceso a la Registración en Línea de la OHI

Haga clic en un botón de enlace en el sitio web de la OHI (https://iho.int > EVENTS & NEWS > Online Registration) y luego el enlace "Go to the IHO On-Line Registration", o vaya directamente a la dirección web https://online.iho-khoa.kr/registration
