Dear Mr. Manteigas,

I am pleased to submit the updated Meso American - Caribbean Sea Hydrographic Commission Capacity Building Plan for 2021-2023, enclosed here at Annex **A**. As you will note, the MACHC CB Plan considers the IHO Objectives and Strategic Directions, together with the unique requirements of the MACHC region. Therefore, the proposed activities focus on achieving these objectives and are not just desirable events.

In attention to IHO CL 14/2021 and according to the referenced Procedures 1, 2 and 4, I submit for the IHO CBSC consideration four projects proposed for 2022, which are found at Annexes **B** and **C**.

On behalf of the MACHC, I take this opportunity to thank the IHO CBSC for its continued support to this Regional Hydrographic Commission. The MACHC CB Coordinator (Ms. Lucy Fieldhouse) and I are at your disposal for further information, if required.

Sincerely,

Edgar Luiz Siqueira Barbosa  
Vice Admiral

Director of Hydrography and Navigation, Brazil  
Chair, Meso American - Caribbean Sea Hydrographic Commission
