October 2023

Dear Vinka,

I am reaching out to you as chair of the MBSHC in response to the recent news of the disaster/flooding in Libya.

It is my understanding that RHCs are often closely involved with disaster relief and support.

As part of supporting and coordinating Humanitarian Assistance and Disaster Relief (HADR) in Libya with the MBSHC, please find attached a Search for Dangers following the flooding.

Please can you let me know if there is anything else UKHO may be able to do to help and or if there is anything else I need to do as part of sharing this information.

Please can I also request that if any members of the MBSHC have any recent survey information of the Port of Darnah if they would consider sharing it with UKHO to support HADR operations in Libya.

Yours sincerely,

Nick Rodwell
