MBSHC CIRCULAR LETTER No 07/2024

Subject: Egypt submission of INT Chart M15

Reference:

- A. Region F ICCWG Letters CL 03/2024
 - B. Egypt submission – attachment to the Region F ICCWG CL 03/2024
 - C. Region F ICCWG CL 07/2024
 - D. S-11 Part A, Ed. 3.1.0, Section 100 paragraph 3.10.
 - E. Art. 7.d of the Statutes of MBSHC (9th Edition, April 2022).
1. Region F ICCWG Circular Letter No 03/2024 from Reference A invited members of the Region F ICCWG to provide their feedback on the Egypt submission of INT Chart M15 , accordingly to IHO Pub. S-11, Section 100, paragraph 3.8.3. According to reference A, mutual agreement of Egypt and the UK in regards of “withdrawal” of the UK charts is reached. The proposal submission is attached as Annex A to this circular letter as described in Reference B.
 2. *Noting* that one positive reaction was received from UK, and 2 comments received from France were answered, with no objections to the proposal (Ref. C, attached as Annex B to this circular letter),

Considering that Egypt and the UK have reached the mutual agreement on the withdrawal of the respective UK INT Chart (Ref. B and C),

Noting that the proposal was endorsed by the Region F ICCWG (Ref. C),

Noting that it would be counter-productive to wait for the next Conference of the MBSHC in 2024,

As Chair of the MBSHC, I am in the opinion that the conditions for a positive consensus by MBSHC Members on the adoption of Egypt submission has been reached, hence it is forwarded to the MBSHC level for formal approval (Ref. D).

3. Unless there is any objection reported to MBSHC Chair **no later than 16 April 2024**, I will inform the interested Member States that the INT Chart submission as proposed by Egypt has been formally approved by the MBSHC in the inter-session according to the Art. 7.d of the Statutes of MBSHC (9th Edition, April 2022) as mentioned in reference E.

Best regards,

Vinka KOLIC BUBIC, M.Sc.

MBSHC Chair

Director of the Hydrographic Institute of the
Republic of Croatia

REGION F ICCWG CIRCULAR LETTER No 07/2024

Subject: Submission of INT Chart M15 by Egypt

Ref: F ICCWG CIRCULAR LETTER No 03/2024

Dear Colleagues,

according to F ICCWG circular letter 03/2024 it was requested feedback on the proposal of Egypt regarding INT chart M15 by Egypt.

The respective INT chart of UK will be withdrawn on 29th march 2024, after mutual agreement of Egypt and the UK. We received a positive reaction from UK and two comments from France on the proposal.

Regarding the comments received from France on the dimensions of the chart, the FICC Coordinator agrees that the dimensions of the chart are acceptable since the issue has been elaborated by UK having reviewed the content of the chart prior to submission.

Thank you all for considering the requested proposal. This proposal is forwarded to MBSHC for approval.

Commander Nektarios Roditis HN

Region F Coordinator
