

MEDITERRANEAN AND BLACK SEA HYDROGRAPHIC COMMISSION

# MSDI Report

*MBSHC22-06.8 MSDI Report*

# RHC MSDI Ambassadors

---

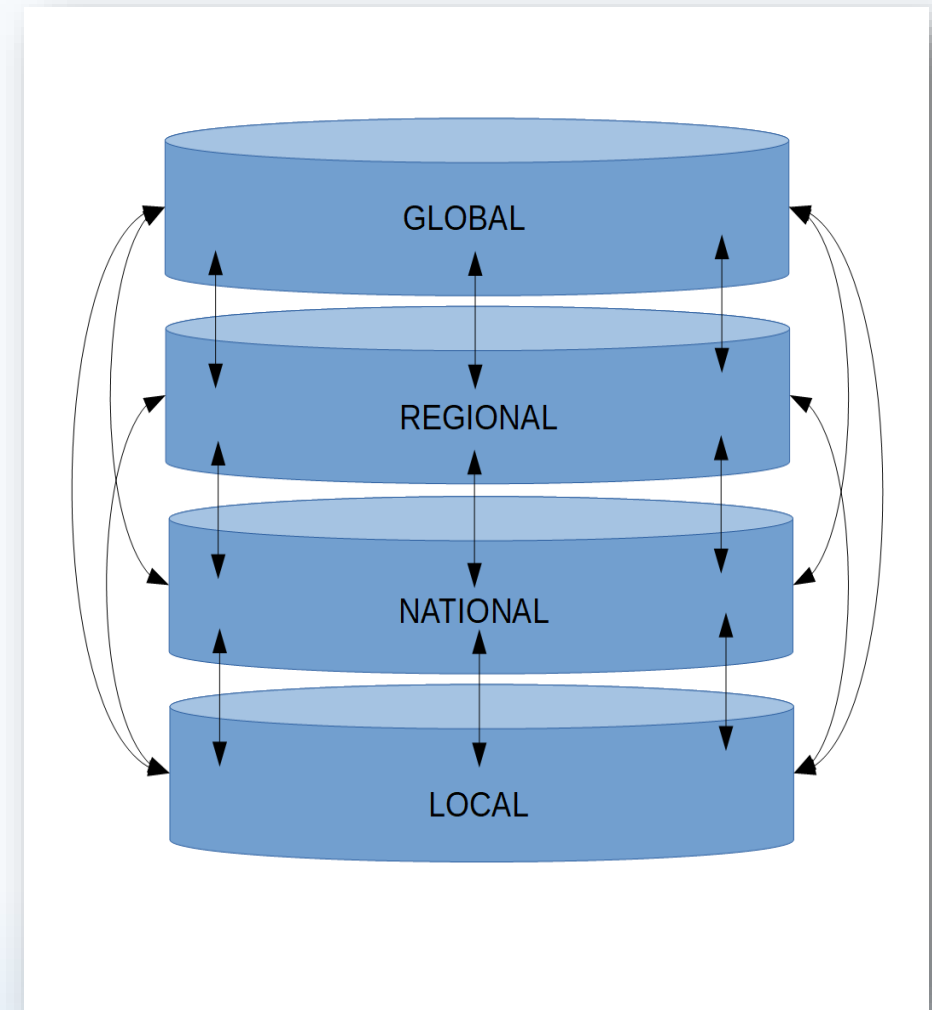

- Promote MSDI and to help MSs to prepare the national reports with respect to the status of MSDI
- National MSDI report prepared by each Member State for submission to every RHC
- The report should incorporate the status of MSDI, plans for involvement in MSDI and challenges facing the HO

# References

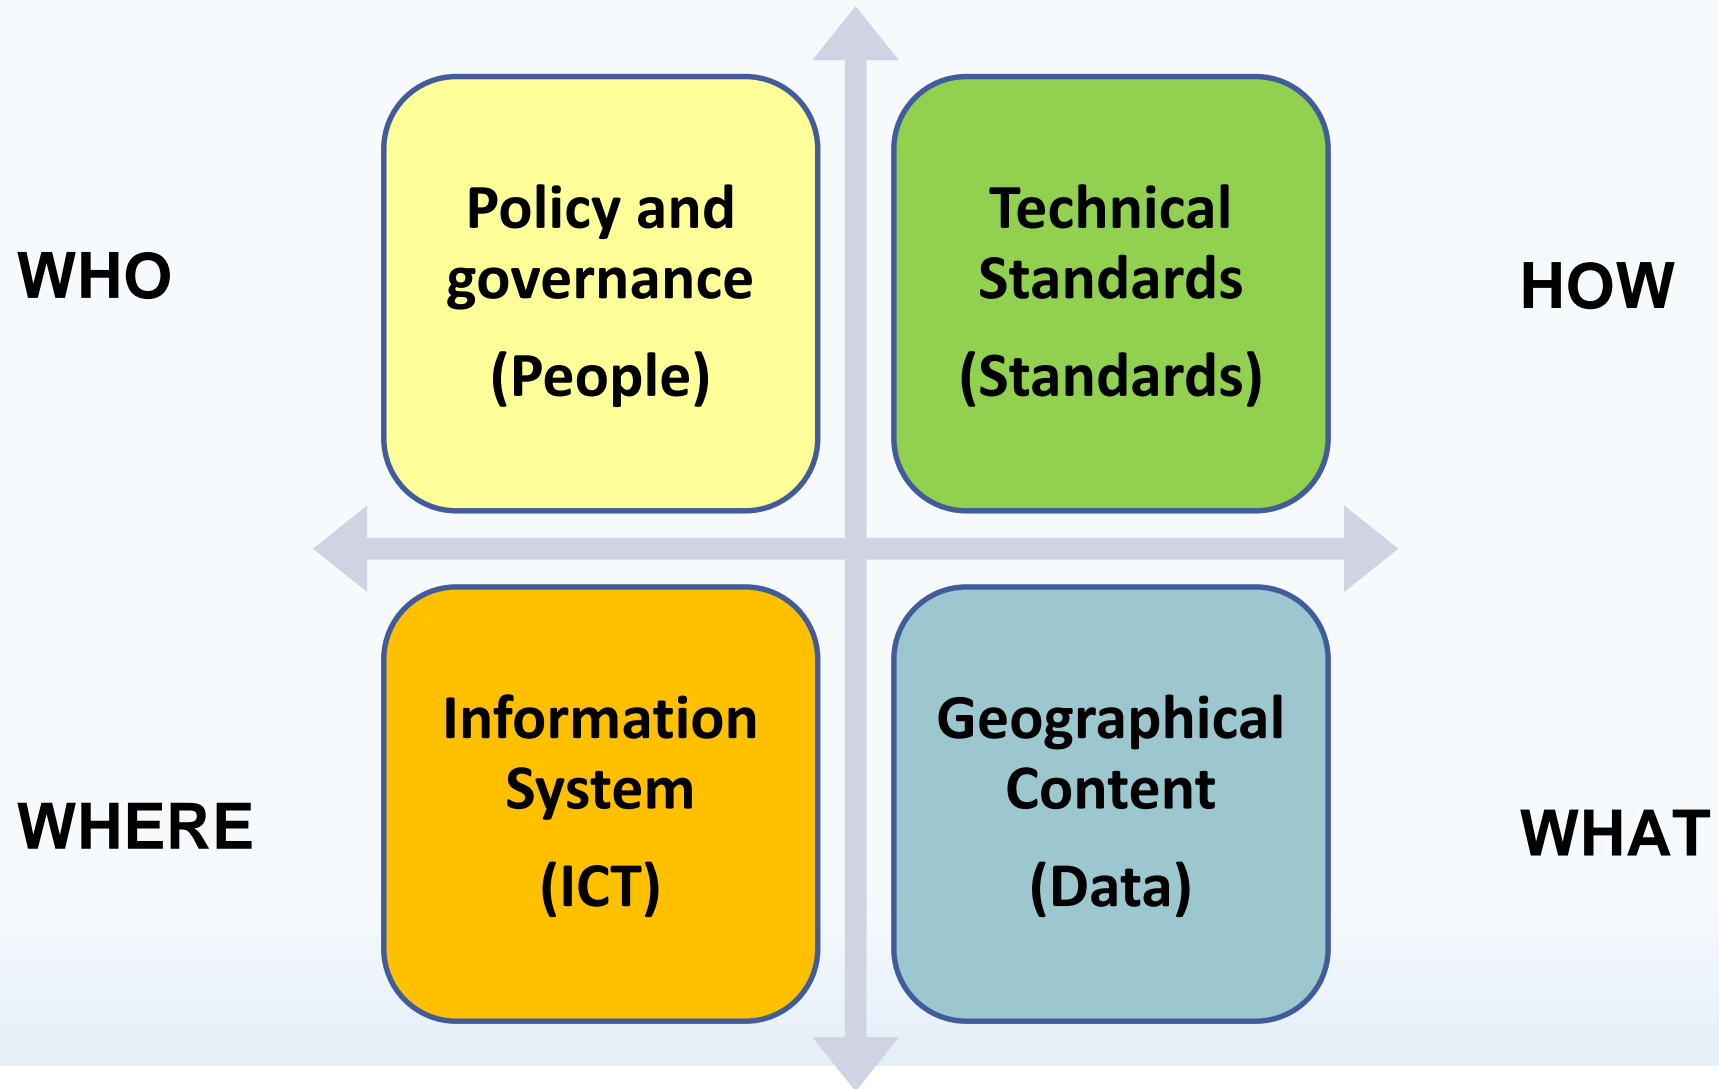

## C-17 v.2.0

- Spatial Data Infrastructures «The Marine Dimension» Guidance for Hydrographic offices (IHO CL 16/2018)
- **MSDIWG9**
  - Connection between national MSDI to global MSDI through Regional HCs

# MSDI pillars

---

# MSDI activities and achievements

## Communication and dissemination

# MSDI National Report

---

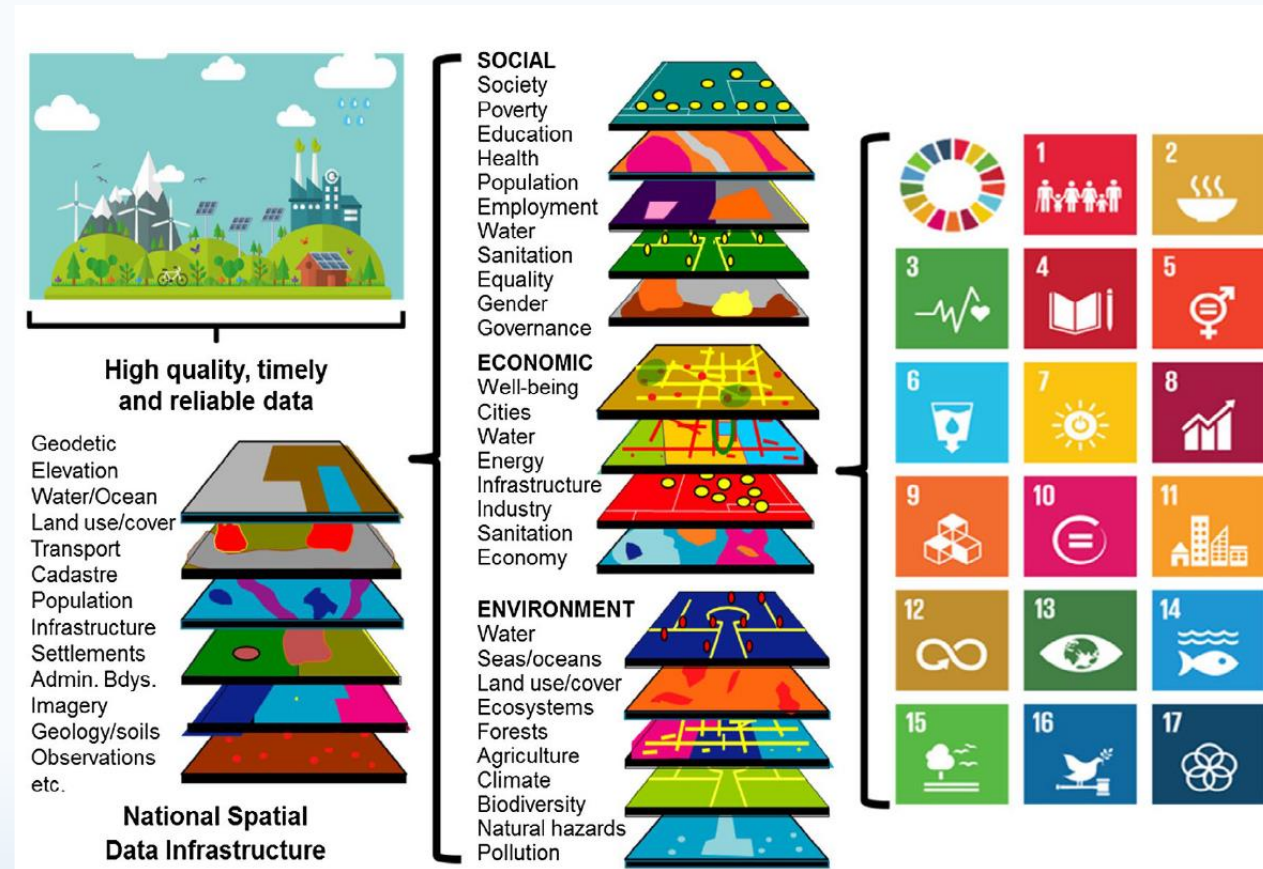

**It is recommended that the National Reports include the topics from **C-17, item 2.1** on what constitutes a MSDI:**

- Policy and Governance
- People & Organizations
- Enablers (the framework for data acquisition, management, updating and dissemination)
  - o Standards
  - o Technology
  - o Metadata
- IHO S-100 Universal Hydrographic Data Model
- Content
- Education and Learning

# Analysis

## Make the Ambassador aware of National MSDI Initiatives

# Outcome of MSDIWG12 - 17 to 18 of March 2021

---

- Draft Work Plan 2021 – 2024
- Training materials available on IHO web page - MSDI "Body of Knowledge"
- New MSDIWG meeting in presence from 25 to 29 October 2021 in Singapore

# Action requested of MBSHC

---

The MBSHC is invited to:

- Encourage MSDI initiatives at National Level
- Make the Ambassador aware of National MSDI Initiatives
- Encourage training
- Note the report
