STATUS OF SURVEY

UPDATES SINCE 2019

IHO

International
Hydrographic
Organization

MBSHC22

VTC (27-28 May 2021)

Considerations:

- *Surveys conducted by each Member State is reported in their national report.*
- *Spain is collecting all these national survey updates before each conference.*
- *Currently, this action has not a well-defined and clear goal.*
- *IHO urges to know and use the IHO-GIS*

Actions for MBSHC:

- *Request to IRCC the harmonization with other RHCs, the best way possible, to monitor adequately the national survey coverage through the IHO-GIS.*
- *Stop sending a graphical status of surveys to Spain for the next conferences.*
