PRIMAR Governance

- All PRIMAR member nations are part of the PRIMAR Advisory Committee (PAC).
    - PAC has annual meetings.
    - Guidance and decisions on strategic, financial and technical issues.
    - The position of PAC Chair and Vice Chair rotates amongst the member nations.

- Working groups on strategic, financial, marketing and technical issues that provides input to PAC.

PRIMAR Strategic Plan

- All PRIMAR focus and activities are based on the PRIMAR Strategic Plan.

- Updated PRIMAR Strategic Plan presented and approved at PAC 30.

- The Strategic Plan has a strong focus on S-100 implementation.

- PRIMAR Strategic Goal # 1:

"PRIMAR provides all S-100 products required for navigation."

PRIMAR → 2030

STRATEGIC PLAN

Version 1.1, April 2023

PRIMAR S-100 Strategy

In its role as a RENC, PRIMAR will work towards the development of tools and services to facilitate efficient collection, validation and distribution of today's S-57 ENC product and all the S-100 products that are considered essential and identified by IHO as key for safe navigation.
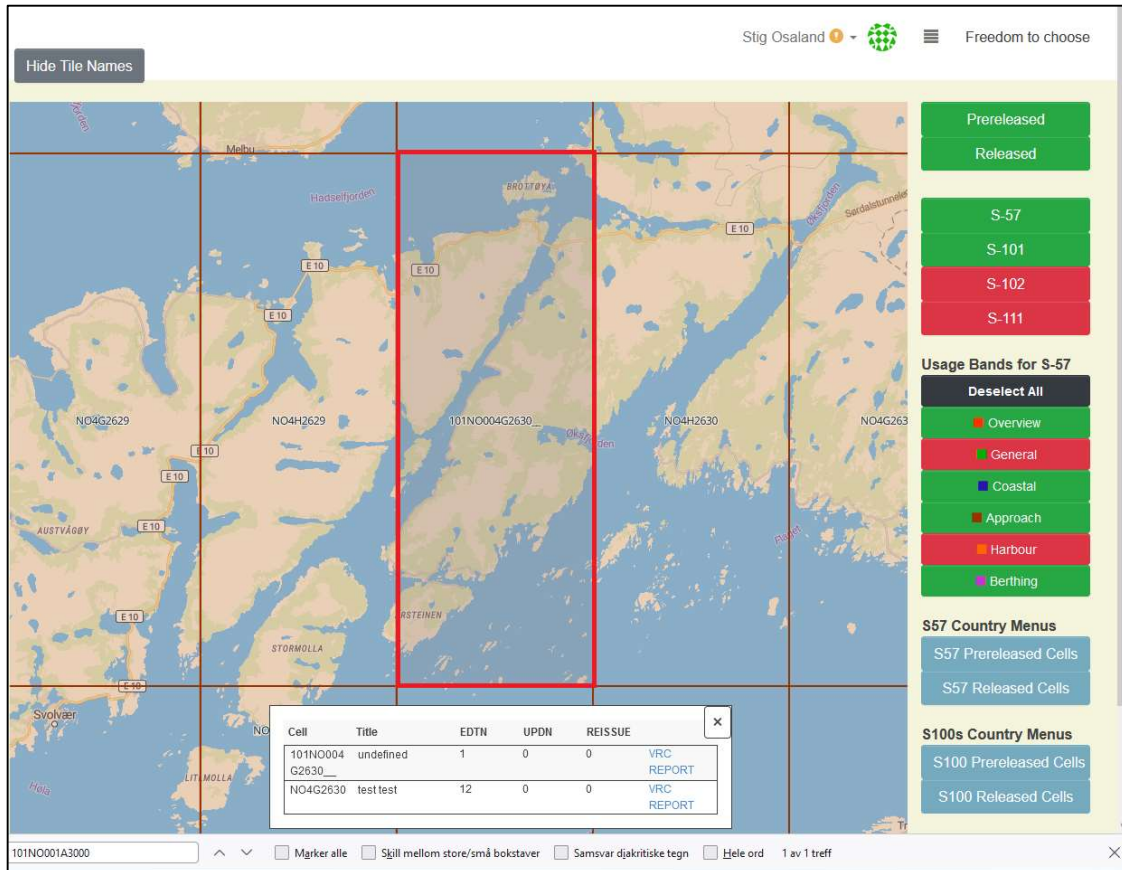

The following S-100 products are prioritized for implementation in PRIMAR in 2023 → 2030:

- S-101 Electronic Navigational Chart
- S-102 Bathymetric Surface
- S-104 Water Level
- S-111 Surface Currents
- S-124 Navigational Warnings
- S-128 Catalogue of Nautical Products

PRIMAR S-100 Activities

| ID	Activity
1.1	Align with and support IHO in their strategy and activities to promote, develop and implement S-100 in PRIMAR services.
1.2	Make test data and services easily available to encourage S-100 uptake and compliance among system and application developers.
1.3	Provide S-100 training and exchange of experiences to encourage data production. *(Including conversion support and S-100 training for member nations)*
1.4	Support OEM in implementing functionality for S-100, data protection and interfaces with PRIMAR services.
1.5	Demonstrate value of PRIMAR products, services and use to non-navigation use where relevant.
