Update since Working Group meeting September 2020

- Meeting convened to advance CSB/Seabed 2030

Update since Working Group meeting September 2020

Points to take away from SANHO presentation on CSB:

- Invite Member States to take note of IRCC 12 Action Items.
- Invite Member States to make use of the opportunity to deploy the additional 50 data loggers made available by NOAA through the RSA.
- Invite participating Member States to share CSB initiatives with RSA as SAIHC CSB Coordinator.

Key actions of SAIHC MSDIWG annual report

- With reference to the MSDIWG Annual report from July 2020, key actions, items of note, considerations and provisions are as follows:
 - Actions: SAIHC 17 MSDIWG is invited to:
 - Note this annual MSDI report;
 - Consider and update the WG on any MSDI activity in the SAIHC region,
 - Provide a graphic/snapshot of gird surface, or the surface itself, that supports GEBCO Seabed 2030 coverage within SAIHC region

SAIHC 17 is invited to:

- Note the updates to this brief.
- Endorse South Africa as CSB/Seabed 2030 Coordinator.
- Provide any further updates to report provided in July 20 to MSDIWG Chair (UK) tim.lewis@ukho.gov.uk
- Provide any feedback to the MSDI awareness training (January 21) to Capacity Building Coordinator MSDIWG Chair (UK) lucy.fieldhouse@ukho.gov.uk
