9. **Spatial data infrastructures:** Not yet implemented

10. **Innovation:** -

11. **Other activities:** -

Conclusions :

The main activity done in Madagascar is the project untitled "Toamasina Port ENC improvement Project". The project will be carried out by FTM, the Malagasy side and JICA (Japan International Cooperation Agency) on the other hand. The beginning of the project is marked by the signature of the record of discussion in July 2024. The duration of the project is 43 months.
