

WENDWG UPDATE SWPHC

John Nyberg

WORK ITEMS TO NOTE

- WEND-100 Principles and Implementation Guidelines
- S-101 Scheming Guidelines
- INTToGIS – S-1xx products
- RHC Representation – S-1xx Coordinator?

WEND-100

- [CL25/2021](#) approved by IHO MS. Resemble WEND Principles but are intended for use with S-1xx product specifications. S-101 is the only product that the WEND-100 applies to
- S-1xx Implementation Guidelines are in work

S-1XX IMPLEMENTATION GUIDELINES

- The WEND-100 Principles may not apply (entirely) to all S-1xx products
- Implementation Guidelines will determine how the [WEND-100](#) principles are applied to each specification
- An Implementation Guidelines Drafting Team has been established to develop the application document – aiming for endorsement at WENDWG 12

S-101 SCHEMING GUIDELINES

- Objective
- To consider technical options that might enable much better co-ordination, seamless coverage, harmonized production, elimination of significant overlaps under the S-100 framework, seamless coverage, harmonized production
- To develop S-101 Scheming Guidelines as Annex to WEND-100 Principles toward WENDWG12

INTOGIS

INToGIS III

S-101, S-102, S-104, S-111, S-129

S-122,S-123,S-124,S-127,S-131

INToGIS II

INT Chart(Schemed+ Produced)

S-57 ENC(Schemed +Catalogue)

RHC WEND COORDINATOR

- Expanding to S-1xx Products
- Chart Coordinator moving to S-1xx Coordinator?

THANK YOU
