

44th Meeting of the United States – Canada Hydrographic Commission

WEND updates

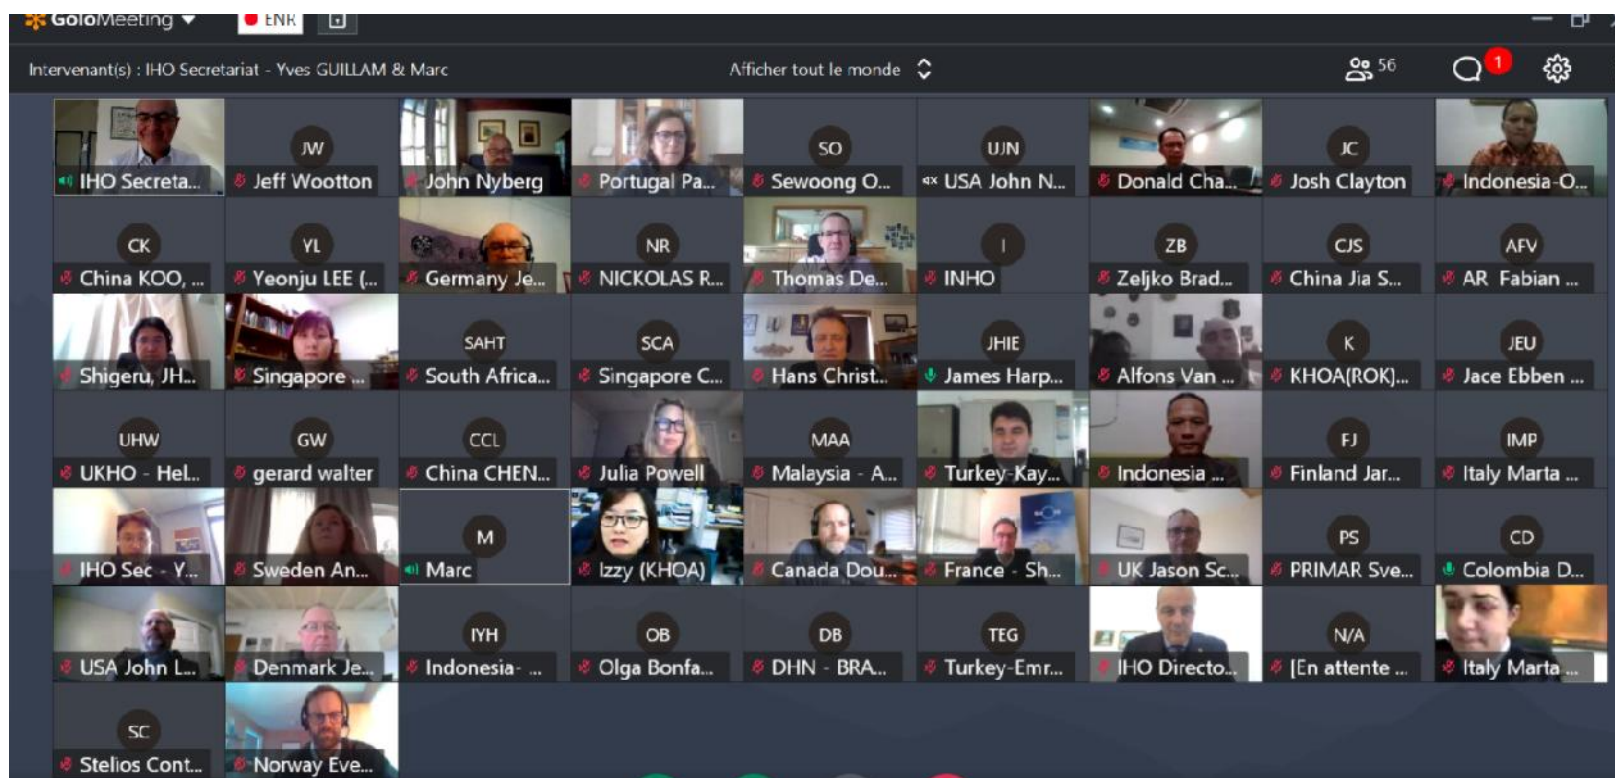

IHO

WEND WG UPDATES

International
Hydrographic
Organization

- Held VTC on February 18th and 19th, 2021

IHO

KEY DECISIONS

International
Hydrographic
Organization

- **WENDWG** agreed to submit proposed IHO Resolution on WEND-100 Principles (version 1.0 + edits but without proposed Art. 2.5) to IRCC-13 for endorsement [then C-5 for endorsement, then MS for approval] together with the commitment that WENDWG must develop basic technical Guidelines as matter of priority to address the establishment of S-101 ENC Schemes, during the transition phase until the full retirement of the earlier S-57 ENC, and beyond.
- That could follow an incremental development iaw IHO Resolution 2/2007 as amended.
- Submit to IRCC -13

IHO

KEY DECISIONS

International
Hydrographic
Organization

- Noting that the Roadmap for the S-100 Implementation Decade indicates that S-102, S-104, S-111, S-128 and S-129 products will be ready for implementation and dissemination before S-101 ENC's and noting decision A2/39, the **WENDWG** agreed on the way forward presented by the **Netherlands** to submit a work item to IRCC13 for the development of the "Guidelines on the implementation of the WEND Principles" complementing version 1.0 of the WEND-100 Principles
- **WENDWG Chair** to recommend at IRCC-13 to update the Roadmap on the S-100 Implementation Decade setting up Annex 3 containing:
- IHO Resolution WEND-100 Principles (once approved)
- Any other Guidelines on S-1xx products at Edition level 1.0.0 or more.

IHO

RELEVANT ACTIONS FOR THE USCHC

International
Hydrographic
Organization

- **The WENDWG** agreed to report to IRCC on the opportunity to set up a survey questioning producers on their plans for producing HD ENC's once S-102 is under production.
- The **WENDWG Secretary** to collect from (FR, IC-ENC, IT, UK, US,...) questions that might be included in a possible survey towards Member States only (not end-users) on their plans and views related to the production of HD ENC's in the future noting the coming production of S-102 data. Proposal to be submitted to IRCC-13 by the **WENDWG Chair**.

IHO

RELEVANT ACTIONS FOR THE USCHC

International
Hydrographic
Organization

- **WENDWG drafting group** to liaise with **S-100WG/S-101PT/RENCs** and prepare recommendations and draft Guidelines on the establishment of S-101 ENC Schemes (Annex to WEND-100 Principles or as part of the “Guidelines on the implementation of the WEND-100 Principles” (TBD).
- **WENDWG MS** willing to lead/participate in this S-101 ENC Schemes drafting group to inform Chair/Secretary.
- To be defined.

IHO

RELEVANT ACTIONS FOR USCHC

International
Hydrographic
Organization

- A **“Guidelines on the implementation of the WEND Principles” drafting group** to draft the first iteration of the “Guidelines on the implementation of the WEND Principles” to detail further applicability of WEND-100 principles for S-1XX products other than S-101 ENC.
