USCHC 46 (2023)						
Ref #	Agenda Item	Action	For	Deadline	Status	Notes
46.1	3	Develop a methodology on how to use community-based hydrography as a model for capacity building exercises. The intent is to share this internationally.	Canada lead	USCHC 48	Ongoing	NOAA Points of contact for this effort: Anthony.Klemm@noaa.gov Jeffery.Marshall@noaa.gov CHS Points of contact for this effort: Michel.Breton@dfo-mpo.gc.ca Mathieu.Rondeau@dfo-mpo.gc.ca
46.2	4	Consider a global set of S-122 to support the UN “30 by 30” (30% by 2030) initiative. It should be manageable for the high seas and member states could consider addressing their domestic areas. A cumulative dataset would offer good visibility to the IHO.	All	USCHC 47	Ongoing	See Attachment 1: MPAs within the US-Canada Hydrographic Commission

		production of paper charts, how it aligns or not with S-4. US and CA consider a joint paper for IHR.				
46.4	7	Three year plan document for IHR. It should designate leaders. This should be provided to Denis Haines (had requested it to be provided by June 2023).	All	USCHC 47	Ongoing	See USCHC47-23_Info
46.5	9	Investigate revisions to the MOU to allow reference to include continental shelf areas	US	USCHC 47	Ongoing	See USCHC47 Agenda item 17
46.6	9	Investigate US and CA sharing S-100 services plans as opposed to having test data sets right next to each other. Consider an S-102 joint a test bed. Pilot associations around the Great Lakes, the St Lawrence River or on either coast are interested.	All	USCHC 47	Ongoing	See USCHC47 Agenda item 20
46.7	10	CHS and OCS exchange S-128 data sets.	All	Fall 2024	Ongoing	
46.8	10	With regard to USCHC46-10C, add in Canada, and present the S-100 snapshot as one document/report	All	USCHC 47	Ongoing	
46.9	10	Consider S-100 status template be incorporated into annual National Reports to USCHC	All	USCHC 47	Close	See USCHC47-03A and USCHC47-03D

46.10	10	Prepare or identify content for the e-Learning center. Continue to report Capacity Building activities, whether funded or not, and if you want to have any virtual events that you're hosting on the Capacity Building Calendar to open membership, we can do that as well.	All	USCHC 47	Ongoing	See USCHC47 Agenda item 13
46.11	10	Identify a replacement for Jennifer Landry as USCHC capacity building coordinator as she leaves her current position within Navy at end of May	US	USCHC 47	Close	Jonathan.Justi@noaa.gov
46.12	10	Identify a number of trainings we could send to the e-Learning center	All	USCHC 47	Close	Repeat of 46.10
46.13	13	Work collaboratively on a North American analysis (maybe starting in the Lakes, a transboundary area). Maybe for next year's USCHC meeting, present a holistic Canadian US analysis of the Great Lakes.	All	USCHC 47	Ongoing	See USCHC47 Agenda items 8, 12 & 20
46.14	14	Create a single USCHC SPI report card focusing only on those elements of the strategic plan applicable to the member states and regional hydrographic commissions. Include considerations of C-55. Team	All	USCHC 47	Ongoing	See DOC USCHC47-16 & Attachment 2: USCHC SPI Reporting (USA & Canada)

		would include Doug Brunt, David Palmer, Jonathan Justi, Caitlin Johnson and others as well as the IHO Secretary General. For C-55, Christie Fandel and Young Baek should be consulted. Consider implications of the IGIF-H matrix and the S-100 coordinator.				
46.15	14	Develop a recording cycle for the SPI's which fits with the requirements for IRCC and particularly Council. Have a "USCHC IHO Strategic Plan secretariat" proceed and update each reporting cycle.	US Lead	USCHC 47	Ongoing	See Attachment 3: USCHC Strategic Plan Reporting Cycle
46.16	14	If USCHC will have an interim meeting, review some of the ("best practices") of the HGPSC.	All	Fall 2023	Close	See DOC USCHC47-17 & See Attachment 4: S-100 Coordinator Responsibilities for USCHC Terms of Reference
