

# WENDWG – 2021

## Meeting Introduction

WENDWG11, VTC, 17-18 February 2021

IHO

# MEETING PROTOCOL

International  
Hydrographic  
Organization

Meeting participants are kindly requested to note the following meeting protocols;

- Please keep your camera and microphone turned “**off**” if you are not talking or presenting.
- If you want to make an intervention, **please turn your camera and microphone on and raise (and wave) your hand** to indicate that you wish to speak. (Please turn your camera and microphone off when finished)
- Don’t forget to turn your microphone “**on**” before speaking, and “**off**” when finished.
- Please use the “**Chat**” function to communicate any text information to the meeting. Chat supports messages to the entire meeting and to individual participants.
- If you have problems connecting using Firefox or other browser – please try using Chrome.
- There will be a 10-15 minute “coffee break” at approximately the middle of each daily session, called at the discretion of the S-101PT Chair.

IHO

## WEND-100 PRINCIPLES - BACKGROUND

International  
Hydrographic  
Organization

- In support of the Council actions C2/30 and C2/31, during the summer of 2020, a draft of the WEND-100 was prepared. The WENDWG drafting team agreed on the structure and general content of the principles.
- The draft WEND-100 Principles were presented to the IRCC12 and Assembly 2.
- A2/38 – The Assembly endorsed the draft WEND100 Principles presented at IRCC12 and the proposed path forward in their subsequent development, as a consequence of the expanding range of hydrographic data products addressed in the S-100 Implementation Strategy.
- C4/24 – Council to monitor the subsequent development of the WEND100 Principles, as a consequence of the expanding range of hydrographic data products addressed in the S100 Implementation Strategy

IHO

## PATH TO COMPLETION

International  
Hydrographic  
Organization

- WENDWG will have a WG 11 meeting (2021) between C4 and IRCC 13 for final WG review
  - WENDWG 11 will begin work on implementation guide
- Final WEND-100 will be presented to IRCC 13
- C4/24 - IRCC to submit a new IHO Resolution on WEND100 Principles to the Council (5) for endorsement. Then, submission of final proposed version of IHO Resolution on WEND-100 Principles to Member States via CL for approval and inclusion as a reference in Annex 3 of the S-100 Implementation Road Map.

IHO

## GOALS FOR THIS MEETING

International  
Hydrographic  
Organization

- Noting that the Drafting Team has already agreed on the general structure and content of the WEND-100 and that the Assembly endorsed the current version of WEND-100 as version 1 (structure and path forward), come to final WENDWG Members' approval to seek IRCC's and Council's endorsement and MS approval on a proposed IHO Resolution on the WEND-100 Principles (minimal amendments if deemed appropriate).
- Consider the impact of transitioning from S-57 to S-101 and the task for WENDWG to make recommendations and guidelines towards RHCs and Charting Regions Coord. for smart, optimal, harmonized and efficient coverage as well as subsequent production (or co-production) mechanisms.
- Agree on a path forward for development of WEND-100 implementation guidelines.
- Review the Roadmap of S-100 Implementation Decade and propose enhancements as appropriate
- Discuss progress on INTToGIS II and possible plan towards INTToGIS III for S-1xx
- Follow-up on the Status of the Production of HD ENC's by Region

# UNSOLICITED THOUGHTS

International  
Hydrographic  
Organization

- Please remember that perfect can be the enemy of good – we are all working together and need to let compromise rule the day.
- I think of the WEND (specifically the WEND Principles) as our community conscience. In this sense, principles could be defined as a guiding sense of the requirements and obligations of conduct. I choose this definition because we use words like should, may, strive, and normally throughout the document.
