### DQWG Letter : 03/2017

Date 07 July 2017

Dear Colleagues

#### **Subject: HSSC9-05.6B Mariners Guide to Accuracy and Reliability of ENC**

At DQWG meeting 12 (June 2017), AUS delivered a paper "S-67 Mariners guide to accuracy of ENC v0.4" (ref DQWG12-08.1A). I would like to thank Mike Prince for his effort on writing this paper. Post meeting AUS has now delivered version 0.5 with minor additions and revisions as agreed upon at the meeting.

AUS has also prepared a submission paper for HSSC-9 (ref HSSC9-05.6B Mariners Guide to Accuracy and Reliability of ENC).

I would kindly ask the following actions from DQWG members:

- Review paper S-67 Mariners guide to accuracy of ENC v0.5;
- Provide feedback on this paper;
- Review paper HSSC9-05.6B Mariners Guide to Accuracy and Reliability of ENC;
- Report to agree/not agree on the actions requested from HSSC-9.

I would like to receive your input no later than **30 Aug 2017**. If no input is received, we assume you agree with the proposed papers and actions.

Thank you  
Rogier Broekman  
Chair DQWG
