Hydrographic  
Organization

# HSWG5 SDB

Breakout Sessions

Wednesday 4 October 2023

# Agendas

0. ToR and workplan

1. Selection of chair and vice chair for the next period of service

2. Deciding on the review mechanisms for the next updated version, latest 2025.

3. Stakeholder meeting

## (0) ToR and workplan

No changes in TOR

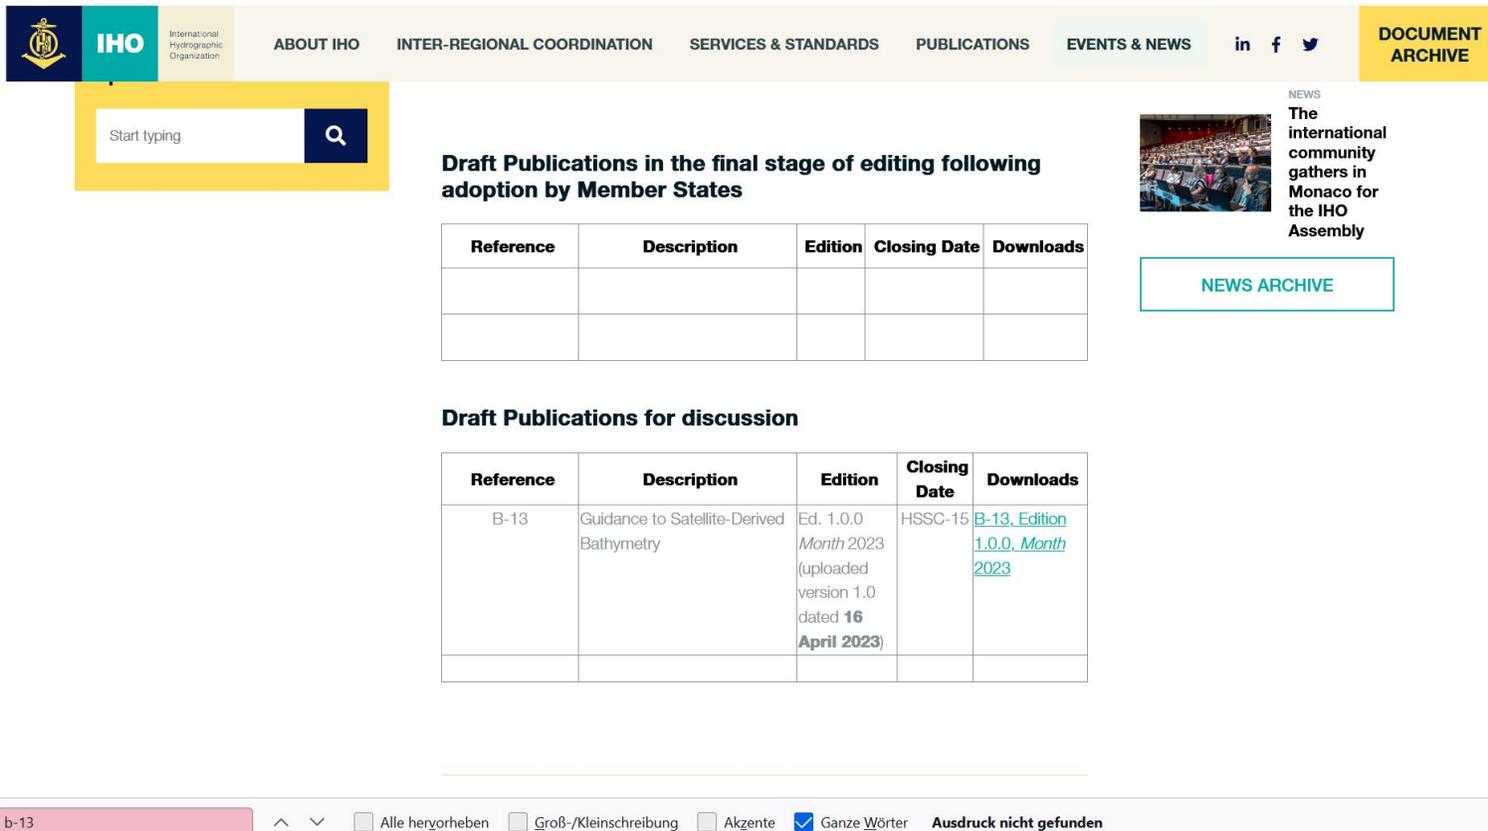

Minor updates on the workplan are needed (only to adjust with the review mechanism)

## (1) Chair and vice chair

David Parker (Chair HSWG) will run the election process of SDB PT C and VC through email correspondence

## (2) Review mechanism of B-13

SDB document is available online as draft of B-13 publication (<https://iho.int/en/draft-publications>)

The screenshot shows the IHO website's 'Draft Publications' page. The header includes the IHO logo and navigation links: ABOUT IHO, INTER-REGIONAL COORDINATION, SERVICES & STANDARDS, PUBLICATIONS, EVENTS & NEWS, and a DOCUMENT ARCHIVE button. A search bar is highlighted with a yellow box. The main content area is divided into two sections: 'Draft Publications in the final stage of editing following adoption by Member States' and 'Draft Publications for discussion'. The second section contains a table with one entry for B-13. A news article snippet is visible on the right side of the page.

# Notes

## Hans Öias:

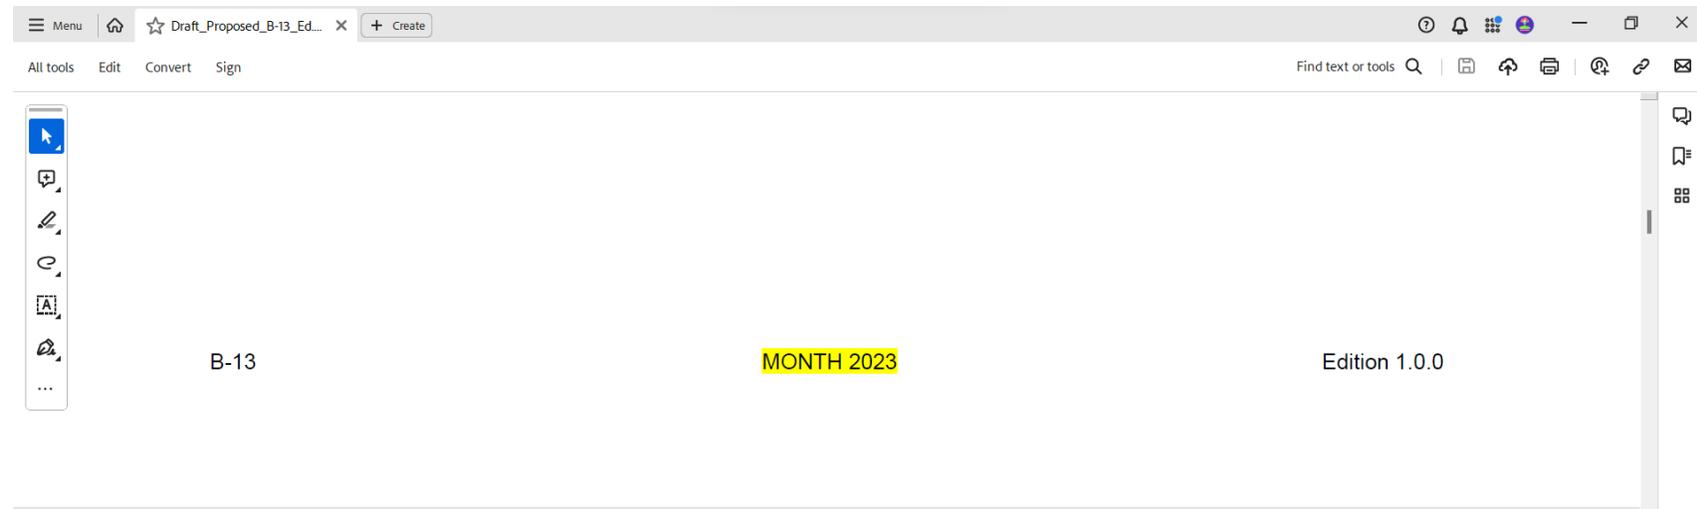

- The B-13 is included in the resolution 2/2007 list of standards that needs acceptance by votes of the MS via Circular Letter. Unfortunately, I cannot identify any such CL in the list that directly identifies as votes for B-13. If it anyhow is included in one of the issued CL, then probably there has not been enough positive answers from the MS on that CL. I will ask the Chair of HSSC to double check that a CL has been sent.

## Leonardo Gomes de Araujo:

- Document showing the tabulation of HSSC document mentioning approval of B-13

# Still missing ...

## Foreword from IHO SG.

### IHO FORWARD ON SATELLITE-DERIVED BATHYMETRY

David Parker: "Foreword (not statement) will be supplied by Mathias. ACTION Sam Harper when doc goes to HSWG for final review."
