Special e-NIPWG Letter 01/2020

23 March 2020

NIPWG Members

NIPWG fights against Coronavirus

Dear NIPWG members, dear friends,

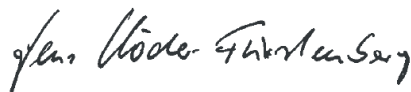

I'm very sure that some if not all of our Working Group members are affected by the measures initiated by their national/local Government to decrease the speed of the Corona virus spread. I cross fingers that we all and our families stay healthy and that this letter finds you all well.

We all know that the measures are different from country to country. Some of us are facing curfew, others are under quarantine, others are requested to keep physical distances, and others should work from home. That all is important to bring us save and healthy through this crisis.

I would like to make sure that everyone should know that at least one NIPWG member is somewhere on this planet who thinks on you. You are not alone. We all stay together. And we will beat the beast.

Best wishes from Germany and thoughts to all of you

Best regards,

Jens Schröder-Fürstenberg,
Chair, NIPWG
