Updated draft of S-125

Dear colleagues,

In response to input from NIPWG generated at our 9th meeting, also see letter 01/2021, the IALA ARM Committee have progressed the S-125 product specification and produced an updated version that includes a feature catalogue, portrayal catalogue and GML schema. The draft version can be accessed at the NIPWG page for product specifications, accessible through <https://iho.int/en/nipwg-product-specifications>.

We have been requested to review the draft and provide any comments as an input to the next IALA ARM meeting which will take place in the fall of this year.

I invite you all to review the package and provide any input using the standard form **by July 31st** to Elena Armanino (elena_armanino[at]marina.difesa.it). The Chair group will collect this input and submit feedback to IALA ARM committee's next meeting.

Best regards,

Eivind Mong,

Chair, NIPWG
