

S-101PT Letter 02/2024

22<sup>nd</sup> March 2024

### **S-101PT13 Update and S-101 Edition 2.0.0 Way Ahead**

Dear S-101 Project Team Members,

Firstly, I would like to thank you all for your continued efforts in support of the Project Team and attendance at the recent VTC meetings. I would like to especially thank the Sub-Group leads, those who submitted papers and attended additional meetings of the Sub-Groups so that issues could be discussed. Following the recent S-101PT12 meeting we now have resolution on a number of items and a clear way ahead towards S-101 Edition 2.0.0. This will require continued effort and focus and I thank you in advance for your support.

### **S-101 PT 13 Meeting 17<sup>th</sup> to 19<sup>th</sup> of June**

A meeting page has now been created for the S-101PT13 meeting in Stockholm; this includes the S-101PT13 logistics document. If you can attend, please register using the link on the page by the 13<sup>th</sup> of May. This is a primarily in person meeting but facilities for streaming and limited remote participation will be available. An outline agenda will be posted to the page in due course. The following deadlines for this meeting will be strictly observed;

Proposals for agenda items no later than **30<sup>th</sup> April 2024**

Proposals impacting S-101 Edition 2.0.0 no later than **17<sup>th</sup> May 2024**

(Proposals impacting the Feature Catalogue must be accompanied by robust justification)

Proposals impacting S-101 beyond Edition 2.0.0 no later than **31<sup>st</sup> May 2024**

### **S-101 Edition 1.2.0**

I am pleased to report that the review of the S-101 Portrayal Catalogue has now been completed and a further Feature Catalogue has been prepared reflecting issues that had been identified. These documents have now been posted in the GI Registry as Edition 1.2.0 and an S-100WG Letter will be prepared to inform the Working Group of this progress noting what was agreed at the S-100WG8 meeting. PT members are strongly encouraged to create S-101 Edition 1.2.0 test data and provide any feedback that they can.

**Way Ahead for S-101 Edition 2.0.0**

At the recent S-101PT12 meeting we discussed the way ahead and I provided an updated Delivery plan which accompanies this letter. Further comments and additions to this plan are welcomed. The S-101 Executive will now meet monthly to review progress.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Tom Richardson". The signature is fluid and cursive, with the first name "Tom" being more prominent than the last name "Richardson".

Tom Richardson  
(IHO – S-101PT Chair)
