No.	S-100 Version No.	Part No.	Section No.	Proposal Summary
1	4.0.0	S-98 Annex C	C-14.10.4 Tables 36 and 37 <i>(not available in latest Annex C version – Not sure where this lives now!?)</i>	Add new abbreviations

Change Proposal

Include abbreviations for 'manually activated' signals and for units of measurements Yards and Statute Miles.

Change Proposal Justification

The S-101 portrayal subWG has identified the need to use a new abbreviation to identify manually activated signals using the text "(man)" at the end of the light description. This is an international abbreviation currently listed in S-4 (B-122).

Update Table 36.

Also, when discussing the portrayal of **DistanceMarks**, it was decided to include the abbreviations for the **unitsOfMeasurement**. At the moment there's no abbreviation in S-4 (or IMO's N.1-Circ.243-Rev.2) for Statute Mile or Yards therefore the subWG has decided to use:

yd for Yards

SM for Statute Miles

Update Table 37.

What parts of the S-100 Infrastructure will this proposal affect?

- S-100 Feature Concept Dictionary Interface or Database
- S-100 Portrayal Register
- S-100 Feature Catalogue Builder
- S-100 Portrayal Catalogue Builder
- S-100 UML Models
- S-100 GitHub Schemas
- S-98 Annex C**

Please send completed forms and supporting documentation to the secretary S-100WG.
