

# 2nd IHO Geospatial Information Registry Workshop

## **Producer Code Register**

12-13 December 2022, IHO Secretariat, Monaco

- **Producer Code Register**

A system to store and maintain information of data producer for S-57 and S-100 data products.

Producer Code Register is partitioned into “**Official**” Producer Codes allocated to States or groups of States for the production of officially authorized products meeting the requirements of marine navigation as laid down in the Convention on the Safety of Life at Sea (SOLAS) Chapter V; and ‘**Non-Official**’ Producer Codes allocated to other organizations and entities.

# OVERVIEW

International  
Hydrographic  
Organization

- The Producer Code Register is subdivided into three different tabs: Introduction; Codes (S-100); and Codes (S-57).
  - **Introduction:** Information about the different categories of Producer Codes. This tab also includes a link to a document containing a cumulative summary list of changes to the list of Producer Codes.
  - **Codes (S-100):** The list of S-100 Data Producers and corresponding Producer Codes.
  - **Codes (S-57):** The list of S-57 Data Producers and corresponding Producer Codes.
