Change Proposal

It is necessary to reorganize the table indexes of Part 10c. Some table indexes are not unique and used in different tables.

Change Proposal Justification

For example:
 "Table 10c-6" is used in section 10c-9.10.1 with the caption "Positioning dataset types and dimensions for different coverage types" and in section 10c-9.4 with the caption "Embedded metadata (carrier metadata) in root group".
 "Table 10c-7" is used in section 10c-9.4 with the caption "Example of extended metadata attribute and additional conditions on core metadata attributes" and in section 10c-9.10.2 with the caption "Positioning group".
