

S-101PT10

HSSC 15 Outcomes

Agenda Item 3

S101PT10, Brest, France, 13 – 15 June 2023

IHO

BACKGROUND

International
Hydrographic
Organization

HSSC 15 took place in Helsinki, Finland from the 6th to 8th of June 2023

The work of the S-101PT was commended by the committee

Discussions at HSSC15 focussed on the timeframes for the S-100 Roadmap

The ISO 9001 Cell was expanded to incorporate other standards that support the delivery of the Phase 1 S-100 Roadmap

OUTCOMES

International
Hydrographic
Organization

5.1C	S-101	HSSC15/23	HSSC noted the publication of Ed. 1.1.0, April 2023 of S-101 and commended the S-101PT for their hard work.		
5.1C	S-101	HSSC15/24	HSSC noted the critical path and issues towards the development of the operational Edition of S-101 (testing phase dependent from other product specs such S-98, S-128, S-164, as well as S-102, S-104, timelines, funding) and endorsed the way ahead set out by the PT.		Decision
5.1C	S-101	HSSC15/25	HSSC noted that the funding request made by the S-101 PT had been accepted... ...HSSC Chair, in his report to C-7, to report on the funding allocation (38k€) from the Special Projects Fund, in support of Test Dataset production.	C-7 (17 July)	Decision

ISO 9001 CELL

International

5.5 B	Application of ISO 9001 Principles	HSSC15/61	HSSC Chair to consider the possibility of reporting at the next IRCC meeting on the benefits of having such a cell in HSSC and invite the IRCC to consider mirroring such an ISO Cell on S-101 with the following scope: RHC S-101 production/coordination/distribution in the near future. Aim: being in a position to report on an annual basis to NCSR on the predicted coverage (of S-101 ENC as a 1 st step, then other S-1xx Phase 1/Route Monitoring products).	IRCC-15	
5.5 B	Application of ISO 9001 Principles	HSSC15/62	HSSC endorsed the recommendation from the HSSC ISO 9001 Cell to consider, in cooperation with the S-100WG, how the efforts on S-101 PS development could be measured (monitoring of a “Effort KPI” and set up a new KPI for the S-101 PS process?).	HSSC-16	
5.5 B	Application of ISO 9001 Principles	HSSC15/63 (former HSSC14/64)	HSSC Chair to report to C-7 on the benefits of having this HSSC ISO 9001 Cell. (See also Action HSSC15/.. above)	C-7 (17 July)

OUTCOMES

International
Hydrographic
Organization

- HSSC noted the update from the IEC and a timeframe of Sept 2024 was set for the submission of S-101 2.0.0 for HSSC and MS approval
- This timeframe is intended to allow IEC 2 years to develop IEC 61174
- The S-101 PT will therefore seek to deliver Edition 2.0.0 by summer 2024 and the plan to achieve this discussed at agenda item 10
