

11th Meeting of the S-101 Project team

Report of the Validation Sub-group

Agenda Item 6.3

S-101PT11, Lombok, Indonesia, 27 – 29 September 2023

IHO

PRINCIPAL ACTIVITIES AND ACHIEVEMENTS

1. S-101 Annex C 1.1.1 was released May 2023.

The Annex consists of 4 parts:

Part 1: S-100 checks (#164)

Part 2: Agreed S-101 specific checks (#281)

Part 3: S-58 Cross Reference

Part 4: Proposals, not yet agreed, for new checks (#203) and amendments of checks in Part 2 (#20)

A review of the proposed checks in Part 4 was reviewed before the publication of 1.1.1. Review comments still needs to be resolved.

IHO

PRINCIPAL ACTIVITIES AND ACHIEVEMENTS

International
Hydrographic
Organization

2. A Github repository is created for the work with S-101 Validation Checks
3. A first working version of 1.2.0 Annex C is posted on Github.
Changes from 1.1.1:
 - A development ID is added to each check to simplify the communication and discussion during the development phase.
 - The terminology in the checks in Part 4 have been updated by Bruno to reflect the new terminology used in S-58 ed.7 (empty value -> unknown etc.)

IHO

OUTSTANDING QUESTIONS

International
Hydrographic
Organization

1. Structure for the annex needs to be decided. Should this be aligned with other product specifications?
2. Naming convention for checks (Pending decision from S-100WG)
3. Should S-100 checks be included in the each specification or should they only exists in S-100/S-158? (Pending decision from S-100WG)
4. Who will continue the development of current Part 1 (S-100 checks)? S-100WG or S-101PT? Check messages is missing for 54 of 164 checks.

IHO

FUTURE WORK

International
Hydrographic
Organization

1. Check messages is missing for 236 of 281 checks in Part 2.
2. Decision is needed for the proposed amendments of the checks in part 2 (proposals are in part 4). Comments (agreement or disagreement) on the Github issues is requested.
3. Decision is needed for the proposed new checks in Part 4. Check message is missing for 56 of 203 checks.

IHO

ACTIONS REQUESTED FROM S-101PT

International
Hydrographic
Organization

1. Discuss the report
2. Decide the way forward

S-101PT, Lombok, Indonesia, 27 – 29 September 2023
