
EXECUTIVE SUMMARY

Considering the importance of hydrography to national development, the Republic of Ghana being as member of the International Hydrographic Organization (IHO) and cognizant of the need to promote it commemorated the World Hydrography Day to publicize and garner support for the sector through a series of activities including:

- Launch and Press Forum
- Institutional visits
- Ship visit
- Conference

The celebrations were organized by National Hydrographic and Oceanographic Committee (NHOC) under the auspices of the Ghana Maritime Authority.

It was launched by the Director General of the Ghana Maritime Authority, Mr. Thomas K. Alonsi and climaxed with a conference featuring all the key decision makers in the industry. The keynote address was delivered by the Minister of Transport, Honourable Kwaku Ofori Asiamah. It is envisaged that the awareness created will encourage all stakeholders to contribute their quota to the development of hydrography in Ghana with the support of the IHO.
